WEDNESDAY, OCT. 5, 1877.

ROCKPORT.

Last Thursday about fifty or sixty men claiming to be from Amdrie, Green River, Richmond, and other mines in Muhlenberg county, and along Green River, came to the Taylor mines and got the hands at work, by coaxing and threatening took them to the woods where a meeting was held, and the miners at Taylor mines, who, by the way, were nearly or quite all colored men, were ordered to quit work, which they did, but we understand they have resumed again this week. From there they went to McHenry mines, and ordered the hands there to quit work. Captain Duncan and others at work in the bank refused to quit work. They stuck up a notice at the bank forbidding them to continue work under severe penalty. One of the names signed to this notice was M. L. Weeks, formerly Police Judge of Hamilton. He would make a sweet peace officer if that is his notion of law and order. They then left, and the next day Captain Duncan received the following card with coffin and pistol picture on the head of the letter.

"D. S. DUNCAN:—If you and your infernal gang don't leave this place (McHenry) in forty-eight hours, or quit working at black-legging, you and your co-workers will be doomed as above.

By order of the Body-Master of the A. O. H.:"

A. O. H., we understand, means Ancient Order of Hibernians.

The above is the letter or notice variation except the ugly picture of pistol and coffin.

The owners of the mines learned that a drunken mob was coming from Rockport or elsewhere Friday night, to put the threat into execution.

The Sheriff summoned a posse of men who went to the mines at the proper time to meet the intimidators, but they were not to be found. If the Grand Jury passes by this flagrant outrage without inflicting every one whose name can be obtained, then we see no use of such an expense as a Grand Jury, and the laws against ku-kluxing had as well be repealed.

The names of many of the violators can be gotten by the proper effort. Any man has a right to quit work when he ends his employer cannot agree upon the wages to be paid, but it is getting to a high pass when a man is willing to work for the wages offered and a lot of men steps in and forbids him to do so under pain of death, or some other fearful penalty.

While the miners have been on a strike at Taylor and McHenry mines, other mines on the P. and E., and St. Louis and S. E. R. R. have been running at full capacity and coining money, while these mines have been dead property and the laborers earning nothing. Let those who are not satisfied with the wages paid quit, but let those who are willing to work at that work, and then things will go on smoothly, and let the law be enforced against ku-kluxing and intimidation, if it takes the whole power of the State to do it.

Post-Masters Appointed.

Henry Quisenberry has been appointed at Lyons, Hancock county, vice J. J. Huff resigned, Wm. Sharp, at Nelson's Creek, Muhlenberg county, vice J. Bently resigned, S. K. Burton, at Glendale, Hardin county, vice G. M. Bibb resigned.

The Commissioners, A. B. Baird, S. Woodward and T. J. Smith, have completed their labors in dividing the county into magisterial and voting districts and have filed their written report with the County Judge.

They recommend six magisterial districts and twelve voting places. We are pleased with the number of districts, as we never could see the necessity of twenty-two magistrates and eleven constables. Twelve magistrates and six constables are quite sufficient and will do the business as well as the former number; besides it will pay them better and they can afford to give more time and attention to their office duties.

When the Judge passes upon the report we will publish it as adopted in full. Every voter in the county will want a copy to keep, as it will show the exact bounds of each magisterial and voting district. We will publish several hundred extra copies of that issue and will furnish them at five cents per copy, postage paid, to any address. Send in your orders in time.

The "Temperance Advance" edited by Elder T. E. Richey, Princeton, Ky., is fast becoming a popular temperance paper. It is published semi-monthly, at 50 cents a year, and is a four-column, four-page journal. The third issue, published last Monday, is full of the very best reading matter. The selections are good and appropriate as could be found and the original matter is better still. Its circulation is rapidly increasing.

Cal. P. H. Armstrong, a Democrat of undoubted standing, and a resident of St. Louis, has been appointed by Governor Phelps U. S. Senator to fill the vacancy caused by the death of Senator Boggs.

Letter from Buford District.

Editor Herald:—As it is very seldom you ever receive a communication from this part of the county, we will include a few items, hoping they will not prove uninteresting to your very interesting and highly appreciated columns.

The farmers have been very busy engaged in cutting tobacco and sowing wheat. The tobacco seems to be rather late about getting ripe, hence there is a considerable chance yet uncut, though it has been very dry weather for sowing wheat, and large crops are being sown.

Miss Ellen Johnson and Miss Lou Hummer, of Daviess county, in company with Messrs. Thorne and Morgan Ruby, spent last Saturday and Sunday with their relative, Mr. E. C. Hoover, of Hoover Hill.

Mr. Sidney Bozler of this neighborhood fell from his barn one day last week and was very badly hurt but is now recovering.

A great deal of sickness in this community at this time, such as chills and fevers.

Mr. C. H. Hoover of this vicinity killed a very large red fox a few days ago.

We were very much pleased with the most eloquent sermons delivered by the Rev. T. J. Pender and Rev. John Loyall at White Oak last Sabbath. They are both able ministers and possess undoubted piety.

The public school of our district has commenced and is being taught by Isaac Hoover. Mr. H. has had some experience in school teaching and we think he will give satisfaction.

We have visited the enterprising cash merchants of Buford, Holtbrook and Rogers, since their return from Louisville and were astonished when we looked over their mammoth stock of dry goods and to learn the remarkably low prices at which they are selling, and as to honorable dealing and low prices they could be excelled.

The Herald's boundless circulation and its editor long life is our wish.

From Fordsville.

FORDSVILLE, Sept. 29, 1877.

Editor Herald:—Fordsville is extremely quiet at present. The farmers are busily engaged in cutting and housing the large crops of tobacco. Some are sowing wheat.

Mr. Little, a mill man of Evansville, passed through this part of the county a few days ago. He is looking out for eagles.

On Saturday, the 6th of October, there is to be a grand festival at Beach Grove Springs, about four miles east of this place. We all look forward to that day with fond anticipation. The houses in Fordsville, most all beautifully papered with show bills, make ready boys, the great circus will be here Thursday, so you had better save up a few nickels.

Mr. P. H. Haffey, our handsome dry goods merchant, left our town a few days ago, for Louisville, where he will buy a large stock of goods. Mr. H. is a business young man, and we think some young lady would do well to propose matrimony to him.

Joe Harder is a candidate for Jailor, next year.

The gentlemen near here who unfortunately got into a law suit, has diligently been reading the acts of the Legislature in the year, 1832 and we would guess he is now able to make a stout defence.

Sickness still lingers with us. The old burying ground near Fordsville, has several fresh mounds.

Wm. H. Smith is fixing his young horse for the fair, and we believe he will bring the blue ribbon away.

Yours muchly, HARDWARE.

Rockport Letter.

ROCKPORT, KY., Oct. 1st, 1877.

Editor Herald:—The church at this place is now completed and does honor to this community. It was dedicated last fourth Sabbath. Deliberate sermon preached by Elder W. C. Taylor, of Auburn, Ky., from 32nd Isaiah, last verse; and, though sick, he preached an excellent discourse. Elder Kelly Mulholl, of Ohio county, J. P. Taylor, of Warren county, were present.

Elder Casheiler seemed to do his best to make the occasion pleasant to all. Prof. East, of Daniel Fowle College, was here and gave us a good talk on education. The professor is a fine specimen of manhood, being erect in stature for one of his age, is a wide-awake man, full of life and energy. His lecture here will not soon be forgotten, and it is hoped he has infused some of the spirit of progress into the people of this community in regard to education.

Among the arrivals from a distance this week we note Mr. D. McHenry, and Dr. M. Griffith of Owensboro. Maj. J. H. McCracken, just in an appearance Monday evening, and is working manfully for the interest of the Commonwealth. Judge Murray has not arrived yet, and it is probable that he is still sick, as he left Owensboro on last Thursday too sick to complete court here, and Maj. Baker Boyd acted as judge the remainder of the term.

Mr. Hodges, of the Lightning Rod firm of J. O. McCann & Co., is stopping at the Hartford House, and expects to canvass the county in the interest of their business. All persons desirous of protecting their families and property from this great element, would do well to give him the best material and put it up on the most scientific plan.

Edwards & Foster have a bran new marble counter in their saloon, and are prepared to serve drinks to customers in a very genteel style. They also have a nice and complete stock of groceries arriving daily.

Persons would do well to call and redeem their tickets in V. P. Addison's cash-drawer. If not done, they will be placed in the hands of the town marshal for collection.

Witnesses, jurors, defendants, lawyers, officers and visitors attending Criminal Court, will please take notice that we still have a small space on our books for the names of subscribers, and will be pleased to have them call while here and subscribe. Call to see us anyhow.

Centertown Letter.

CENTERTOWN, KY., Oct. 1.

Editor Herald:—As nothing from our vicinity has appeared in the Herald lately, I offer the following.

We have had two deaths lately. Mrs. Ann Rowe, widow of the late Braxton Rowe, and Miss Mary Rowe, her grand-daughter. The former was tolerably well advanced in years, the latter yet in her teens. Many friends and relatives mourn the loss of both.

Their bodies lie in calm repose. At rest from toil, free from pain: The Saviour guards their spirits close, For He'll unite them once again.

Mr. James Hatcher had a tough spell of fevers a few weeks ago, but we see him stirring around, almost as good as new.

The people were never busier, cutting and housing tobacco, cutting corn, making sorghum molasses, and some getting ready for sowing wheat.

We learn that Mr. A. G. Brown has bought a drill for sowing wheat. Thank you, Amp, for your go-ahead-ness. It will pay better than Sells' Great European Show, with the balloons that didn't go up and giraffes that were not to be seen. By the way, won't the next show be bigger? The hills say it will.

HASH BAIL.

Mr. Editor, do you play hash ball? It would do your soul good to see Dennis Myers throw off his hat and run fifty yards after what we call a "grass cutter." We play every Saturday afternoon, and have some jolly fun.

We played against the Central club last Saturday, and—well, they've been playing longer than we, and they beat us a little—43 to 22. One reason of it was because Tom Morton's toe-nail—or the place where it used to be—has gotten well. I expect Jim Ford's dog-tail salve cured it. Sam Morton played with the Centertown club, but he couldn't play a fiddle now, if he had one. Anyhow, he goes with his finger wrapped up. Saturday, October 6th, we are to play the Central club on their grounds. Come down and umpire for us; then if we beat them you'll see how glad we'll be.

LEGAL.

"Squire Rinder held his September court here last Tuesday. As our people are not much for lawing, he got through early in the afternoon.

SCHOOLASTIC.

The schools around us have all started up, with prospects of doing good work. W. B. Rowe, at Walton's Creek; Alfred Ashby, Jr., at the Miller school house; L. B. Lony, at Stony Point, and Miss Jennie Park, at the Ashby school house. To speak more particularly of our own teacher, Mr. W. B. Rowe, he pleases all, patrons and pupils. He is also superintendent of a prosperous Sabbath school at Walton's Creek church.

RELIGIOUS.

Rev. W. P. Bennett delivered, as he usually does, an able sermon, at Walton's Creek, last Sunday. It was aimed at those who fail to attend Sabbath meetings, and it made some of the members wince. Previous to the services at church, Miss Nannie Morton, sister of your groceryman, was baptized at Ross' Ripple.

What has become of "Goose Quill?" (I reckon G. stands for Goose.) He waited a long while for an office to hunt him—maybe he is now out hunting for an office, humming to himself with a melancholy air.

"Many a flower is born to blush unseen, And waste its sweetness on the desert air."

Mr. E. H. Rowe, of Spring Lick, paid a visit to his old home last Monday, and returned Tuesday. "De" is looking well, but he don't stay long enough when he comes.

IRELAND.

Spotted Tail, White Tail, Swift Bear, Red Bear, and Touch-The-Clouds, all Indian Chiefs, were at Washington last week, holding a council with the President. The Pipe of Peace was smoked. How often has this been done and what the result has been, is known to many and the same results may be expected again.

Barrett's Ferry Items.

The farmers in this part of the county, are very busy cutting tobacco and sowing wheat.

The people in this neighborhood and in the surrounding neighborhoods are generally sociable and religious thorough going people. We have church meeting on New Baymas the second and third Sundays of each month. The Baptists occupy the second Sunday and the Campbellites the third. James Keown, of the Christian church, preached to a large congregation last Sunday.

We have a good school at New Baymas, under the supervision of T. J. Wedding. We think from the commencement that Mr. Wedding will give general satisfaction, as he is a fine scholar and attentive to business.

Mr. T. J. Barrett, one of the cleverest and among the oldest men in the country, is enjoying very good health, and is always ready to converse with those who call on him, upon any of the topics of the day. Being a well read man and a fine reasoner, and a man that keeps up with the times, he can entertain anyone who appreciates knowledge, exceedingly well.

I hear some talk of organizing a Good Templars' lodge at New Baymas. I think it would be one of the best things we could do for our country. Perhaps it would cause some of the young men and also some of the old men of our country, to quit spending every spare dime they get for that mighty demon, whisky, and spend it for the erection of school houses and churches, which are of vital importance to the educating of our children.

I propose we meet at New Baymas on the first Saturday of October, for the purpose of organizing a Good Templars' lodge. What do you say?

VIGILANT.

The Directors of the Fair Company, have an answer to "Amicus," whose communication appeared last week. The answer was received too late for this issue and will go over to next week, when it will appear.

ROCHESTER LETTER.

ROCHESTER, KY., Sept. 23, 1877.

Editor Herald:—Business in our town is steadily improving. Our enterprising young merchant Mr. L. Mendel, has gone East for a stock of dry goods, clothing, &c., he has greatly enlarged his store-room by renting his warehouse, and tearing out the partition between the two, thus making one large room. He has also built a new ware-room on an adjoining lot.

Mr. Pink Poole is going to build an elegant store-room also in this block, J. P. McKenney having removed his warehouse one door above, thus leaving room for an elegant store, which we are confident Mr. Poole will erect. Our enterprising young men, Messrs. Rogers & Bro., are also enlarging their building, and we understand they are going to build an undertaker's shop also.

Sickness is not so prevalent as it was some time past, but our three physicians, Drs. Hendricks, Struthers and Westerfield, are still doing a good practice.

Mr. J. P. McKenney is going to Louisville in a few days to purchase a large stock of groceries. He is a nice man and has the entire confidence of all his customers. We wish him success.

Miss Lizzie Morton is "teaching the young idea how to shoot" in the Skilesville school.

Our dear beloved friend Col. Duncan, has left us, yes, gone. It would not have been so had it not been for this, but—well, he left many friends we know, but still there is—well "such is life."

OUR GOVERNMENT.

The Century of Independence embraces a collection from 1776 to 1876, of the most important documents and statistics connected with the political history of America; also a chronological record of the principal events from its discovery to the present time, with biographical and historical sketches, etc. Printed in German and English. Nearly 600 pages.

Never before has so much practical information of the nature been published in any one volume.

The lawyer, banker, merchant and farmer will each find that it must have been prepared especially with reference to his convenience.

It is designed for this work to take the place in libraries that Webster's Dictionary does in language, and the Encyclopedia in general literature. The binding, paper and illustrations have been made to compare with the general character of the work.

Though a person can be a good citizen with out a thorough education, no good citizen can enjoy the rights of citizenship without understanding the principles of government.

While persons refuse to purchase ordinary or expensive works all classes will gladly avail themselves of the opportunity of obtaining a work so indispensable at so low a price.

OUR

PEBBLE SPECTACLES

And Eye Glasses are the best for fitting sight. Cut and polished from the "Real Stone" they are perfectly transparent (will cut glass like a diamond). Being harder than the glass, they receive a finer polish and always retain it. One pair carefully suited to your eyes will last as long as five pairs of the best glass, besides preserving the sight almost unimpaired all that time. By our new system for testing the sight, we are enabled to suit any eye so accurately that no injurious effects will follow. We repair Spectacles and Eye Glasses, and insert Pebbles or the best Lenses in old frames. Our Bi-Focal Spectacles are for old people who require spectacles to see far off or well as near by only one pair being required. AS THE BEST FAMILY SEWING MACHINE.

Its competitors receiving only an award for some special feature of their machines.

The World-renowned Wilson Shuttle Sewing Machine

Has Unlimited Capacity to do all kinds of Family Sewing and Manufacturing.

ITS PATENT AUTOMATIC "OUT OFF" on the hand wheel prevents the machine from running backward, and obviates the necessity of taking the work from the machine to wind thread on the bobbin, which must be done with all other Sewing Machines, to the great annoyance of the operator, especially in stocking, hemming and ruffling. It does one-third more work in a given length of time than any other Sewing machine.

WITH EVERY MOTION OF THE FOOT THE MACHINE MAKES SIX STITCHES.

Three Wilson Machines will do as much work in one day as four other Machines.

It requires no special instructions to use it; an Illustrated Direction Book is furnished with each machine.

IT CANNOT GET OUT OF ORDER, AND THE ADJUSTMENTS ARE ABSOLUTELY PERFECT.

A properly executed Certificate is furnished with each machine, guaranteeing to keep it in repair, free of charge, for five years. Machines sold on easy terms of payment, and delivered, free of charge, at any Railroad Depot in the United States where we have no Agents.
